**RE: Your Public Records Request of July 13**

Dear Mr. Bagwell:

I write regarding your public records request, dated July 13, 2013, in which you request “copies of all letters, emails, reports and memos that were sent to Oregon State University (“OSU”) President Edward Ray from the National Collegiate Athletic Association (“NCAA”) between November 1, 2011, and July 31, 2012.”

Our office received your check in the amount of \$123.86 on August 5, 2013. We have conducted a thorough review and have found only two public records that are responsive to your request. One of those records contains information exempted under ORS 351.065(12), OAR 576-003-0050(2) and OAR 576-003-0060(1), the faculty record rule. That information has been redacted.

We are returning your check.

Sincerely,

A handwritten signature in black ink that reads "Beth Giddens". The signature is written in a cursive style with a long horizontal flourish at the end.

Dear Mr. Barker:

This is in reference to your July 5 letter and report to Christopher S. Strobel, NCAA director of enforcement for secondary infractions, concerning violations of NCAA rules involving Oregon State University assistant [REDACTED] coaches [REDACTED] and [REDACTED] and multiple prospective [REDACTED] student-athletes. (Case Nos. 2011-134 and 2011-135).

Please note that the matter has been reviewed in accordance with the provisions of NCAA Bylaws 19.5.1 and 32.4, and it was determined that violations occurred in that in April 2011, assistant [REDACTED] coach one (AC1) and assistant [REDACTED] coach two (AC2) each conducted evaluations of prospective student-athletes during the dead period surrounding National Letter of Intent signing day, which is contrary to the provisions of Bylaw 13.02.5.4. Specifically, on April 11, 2011, AC1 attended a local high school [REDACTED] contest to observe various prospective student-athletes participating in the competition. In addition, on April 12, 2011, AC2 attended a local high school [REDACTED] contest to observe various prospective student-athletes participating in the competition. The evaluations AC1 and AC2 conducted at the high school [REDACTED] contests occurred during the dead period that surrounds the National Letter of Intent initial spring signing date. The violation occurred because the [REDACTED] program had the incorrect dates for the dead period. AC1 and AC2 realized their mistake early the next week and reported the violations to the compliance office. In that regard, it was determined that the case should be classified as secondary and that no further action should be taken by the NCAA in the matter. However, please note that the prospective student-athletes involved in the high school contests are ineligible for intercollegiate competition at the institution until their eligibility is restored by the NCAA student-athlete reinstatement staff. All student-athlete reinstatement requests should be filed via the [AMA Online Case Management System](#). Please note, when submitting a request for reinstatement you will need to provide a copy of this decision letter. If you have any questions regarding the online submission of your reinstatement request, those should be directed to [webhelpdesk@ncaa.org](mailto:webhelpdesk@ncaa.org).

President Edward Ray  
Oregon State University  
600 Kerr Administration Building  
Corvallis, Oregon 97331-2128

Dear President Ray:

This letter is to inform you that Oregon State University has been selected to have its NCAA Division I Academic Performance Program (APP) data reviewed (both the NCAA Division I Academic Progress Rate and Graduation Success Rate). NCAA Division I member institutions submit APP data in accordance with NCAA Bylaw 23.01.3 and NCAA Division I Committee on Academic Performance Policies and Procedures. In order to ensure the uniformity and accuracy of this data, the NCAA Division I Board of Directors requested the committee annually review APP data submitted by selected institutions. An NCAA representative, under the authority of the NCAA Division I Committee on Academic Performance Subcommittee on Data Collection and Reporting, will conduct this review pursuant to the committee's policies and procedures. Please find attached the instructions on how to access the committee's policies and procedures and the education on demand video: APP Data Review Process. This video will provide an introduction to this process and will assist you in selecting a primary and secondary contact.

Also, attached is a request for the identification of a primary and secondary institutional contact. **This information is due not later than seven calendar days from the date of this letter.** The institutional contact's role is to serve as the primary liaison for the institution to work directly with the representative throughout the APP Data Review Process. After the representative is notified that the primary and secondary contacts have been chosen, the representative will schedule a teleconference with both contacts to discuss the APP Data Review Process.

Please note that during the conduct of this review, the representative may determine that an on-campus review of the institution's APP data is necessary. If this occurs, the representative will notify the institution to arrange the dates of the on-campus review, and will provide the institution with the scope of the review and a list of documents to be made available during the review.

In order for the representative to assist your institution during the initial stages of this review, we ask for your help as follows:

**Please distribute this letter and attachment to the individual you are designating as your institution's contact for this review and have that individual contact Ms. Christine Simatacolos via email at [csimatacolos@ncaa.org](mailto:csimatacolos@ncaa.org) or via telephone at 317/503-3624 within the next seven calendar days.**

The committee thanks you in advance for your attention to this matter. Please do not hesitate to contact me if you need assistance.

Sincerely,
